INDEX.

A

Abdominal abscess, 238
—— aneurism, 617
—— aorta, aneurism of the, 536, 617
—— viscera, clinical illustrations of diseases of the—jaundice 2, 53
Aberdeen, meeting of the British Medical Association at, 126; calculous affections in, 339; hospitality to the profession at, 349
Abscesses, Chassaignac's drainage tubes for, 453
Academy of Medicine of Brussels, annual general meeting of the, 658; of Paris, first meeting of the session of the, 657; appointment of M. Cloquet as president, 671
Acetabulum, fracture through the, 186
Achromatic Microscopes, and other Optical, Philosophical, and Mathematical Instruments, a Catalogue of (review), 139
Aconite, poisoning by the root of, 561
Acton, Mr., manufactured pasteboard splints, 621
Adams, Mr. J., on surgical openings into the knee-joint, 155; cases under the care of, 435
——, Mr. E. H., the new Medical Register, 78
——, Mr., of Dublin, and the Academy of Medicine, Paris, 101
Addison, Mr. A., infantile paralysis, 403
Addison's disease, cases of, 238
Adulteration, protection of, by the legislature, 451
Advertising, professional, 578
Age, great discovery affecting the, 252
Albuminuria of one kidney, and saccharine urine of the other, 485
Alcool, de l', et des Composés Alcooliques en Chirurgie, de leur Influence sur la Réunion immédiate (review), 414
Alderson, Dr., case under the care of, 561
Aldis, Dr. J. C., Oratio ex Harveii Institute, in Ædibus Collegii Regalis Medicorum (review), 340
Algeria, ophthalmia in, 631
Allarton, Mr., concave knives in flap amputations, 98
Alleged foreign M.D.s, 154
Amadio, Mr. J., a Catalogue of Achromatic Microscopes, and other Optical, Philosophical, and Mathematical Instruments (review), 139
Amenorrhœa, report of an obstinate case of, successfully treated by the application of electricity, 235
American aloe, at Kew, flowering of, 401
Amputation, useful plan of supporting stumps after, 60; removal of articular cartilage in, 469
Anæmia lymphatica, a new disease, case of, 213
Anæsthesia by chloroform, 119
Anæsthetics, a revolution in, 630
Anchylosis, forcible flexure in, 537
Aneurism, Internal, on the Treatment of, by the Method of Valsalva (review), 69; a fight for an, 467
Angina pectoris, on a case of, 106; with ossification of the anterior coronary artery, 588
Ankle, acute synovitis of the, 635
Ankle-joint, practical clinical remarks on resection of, 331
Anstie, Dr. F. E., on the administration of chloroform, 97
Anus, fissure of the, 61
Aortic valves, obstructive and regurgitant disease of the, 483
Apothecaries' Act, and the new licences, 253
—— Company, a hint to the, 180
—— Hall, pass-lists of, 23, 40, 64, 90, 151, 178, 201, 252, 276, 297, 349, 376, 401, 424, 449, 473, 499, 522, 549, 574, 602, 630, 656, 671
Apothecaries' Hall of Ireland, regulations of, 325
—— monopoly, the ghost of the, 308
Appointments: Mr. G. Reed, 23; Dr. A. Armstrong, 99; Dr. W. P. Brookes, 74; Dr. Philson, ib.; Mr. Cusack, 151; Dr. Steavenson, 178; Dr. Ramskill, ib.; Mr. J. Flanagan, 252; Mr. H. Power, 267; Mr. T. J. Walker, ib.; Mr. H. Brown, 298; Mr. J. Ellison, ib.; Mr. J. H. Stedman, ib.; Dr. S. Norton, 349; Mr. C. J. Bracey, ib.; Mr. C. Evans, ib.; Dr. J. A. R. Horton, ib.; Mr. W. B. Davies, ib.; Mr. Geo. Ashdown, 364; Mr. Reginald Harrison, ib.; Dr. J. B. Gill, 401; Mr. F. R. Quinlan, 450; Dr. C. Collingwood, 474; Dr. Edwards, 498; Dr. Harris, ib.; Dr. Scott Alison, 522; Dr. C. R. Bree, ib.; Mr. J. Garner, ib.; Mr. J. Candy, ib.; Mr. J. Hutchinson, 550; Professor R. Bentley, 631; Dr. W. R. Rogers, ib.; Dr. Wing, ib.; Dr. Warden, ib.; Dr. W. A. Smith, 657; Assistant-Surgeon G. Navler, ib.; Dr. J. L. H. Down, 669; Mr. W. Woodward, ib.; Dr. J. D. Scurrah, ib.
Arch of the aorta, projecting aneurism of the, between the second rib and the sternum, 435
Arctic expedition, the, and its results: Dr. King's proposal to the Admiralty, 302
Arlidge, Mr. J. T., on the State of Lunacy and the Legal Provision for the Insane, with Observations on the Construction and Organization of Asylums (review), 189
Army Medical Board, re-organization of, 100
——, medical department of the, 276, 344, 469; regulations of, 369; pass-lists of, 401; medical service, the, 344; new field panniers for the, 291; qualifications and examination of candidates for commissions in the, 470; surgeons, 125; surgeons and army floggings, 378
Arnott, Dr. J., on chloroform in lithotomy and amputations, 134
——, Dr. C. D., the evils of little hospitals, 573
Aromatic wine, the, of the Parisian Pharmacopœia, 179
Arsenic, the value of the topical application of, in cases of foul and intractable ulcers, 385
Arsenical and lead pigments, on the use of, in the coloration of paper-hangings, and other articles of furniture, dress, and ornament, 95
Arteries of the Limbs, Observations and Notes on the (review), 188
Artificial limbs in France, 605, 653
Ascending aorta, extensive laceration of the, 603
Ash, Dr. J., diphtheria not a new disease, 25
Asthma, injection of sulphate of atropine on the pneumogastric nerve in, 647
Astley Cooper prize of £300, the award of, 474
Astragaloid disease, 61
Astragalus, on a case of dislocation of the, backwards, unaccompanied by fracture, 364; compound fracture and dislocation of the, 510
Asylum for Idiots, half-yearly meeting of the subscribers to, 474
Atlantis, the, a Register of Literature and Science (review), 219
Atropine, on a case of poisoning by, 611
Austin, Mr. T. J., A Practical Account of General Paralysis, its Mental and Physical Symptoms, Statistics, Causes, Seat, and Treatment (review), 463
Australian milk, 657
Austria, Prussia, and Italy, Medical Sketches in (review), 12
Axilla, supposed encephaloid tumour of the, extending above the clavicle, 300
Axillary artery, diffused aneurism of the, 662

B

Babington, Dr. B. G., The Epidemics of the Middle Ages; from the German of J. F. C. Hecker, M.D. (review), 514
Bachelors of agility, 45
Bailey, Mr. W. L., the new Medical Act, 497
Bal l ère, M. G., death of, in Paris, 671
Baines, Mr. E., on the use of alisma plantago in epilepsy, 185
——, Mrs. M. A., Ladies' Sanitary Association, 154
Bakers, the bondage of, 604
Ball, Mr. J., Peaks, Passes, and Glaciers: a Series of Excursions by Members of the Alpine Club (review), 206
Ballard, Mr. T., on the causes and treatment of purulent ophthalmia in infancy, 250
Baly, Dr., case under the care of, 462
Barclay, Dr. A. W., A Manual of Medical Diagnosis (review), 13
Barling, Mr. J., supply of water to towns and villages, 569
Barker, Dr. T. A., practical remarks on a case of croup, 1
——, Dr. T. H., consultation with homœopaths, 525
Barnes, Dr., case under the care of, 137; on retroversion of the uterus in pregnancy, 553
——, Mr. G. R., fatal obstruction of the bowel by meconium, 663
Barnstaple guardians, the, 52
Barwell, Mr. R., on two cases of openings into joints, 82; reports of three cases illustrative of the good effects of pressure in stramoni, synovitis, 433
Batailhé et Guillet, De l'Alcool et des Composes Alcooliques en Chirurgie, de leur Influence sur la Réunion immédiate (review), 414
Bath, a windfall for, 445
Bathing no nuisance, 68
Battey, Dr. R., a new principle of treatment and apparatus for vesico-vaginal fistula, 664
Beale, Dr. L. S., Archives of Medicine (review), 514
Bedingfield, Dr. J., the state of the Thames: suggestions for its improvement, 166
Beeton's Dictionary of Universal Information (review), 560
Bell, Sir Charles, life and labours of, 271, 347
Belladonna, on the administration of, 62; mistaken for blackberries, 276; four cases of poisoning from eating the extract of, 560, 561
Benevolent bequests, 450
Bengal and the North-West Provinces, Sketch of the Medical Topography, or Climate and Soils of (review), 413
—— Medical College, statement of occurrences connected with the recent diploma examinations in the, 519
Bengazi, cessation of plague at, 604
Bennett, Dr. G., on a case of poisoning by strychnine, and recovery, 434
——, Mr. L. M., gout and its causes, 509
Bequests to medical charities, 401
Bernard, M. Claude, the lectures of, 604
Barrington's knapsacks, 73
Beyrout, the reported plague at, 436
Biceps humeri, rupture of the muscular fibres of the, 206; cyst in the, 662
Big toe, enchondroma of the, 662
Birch, Dr. S. B., oxygen as a therapeutic agent, 201
Bird, Mr., the Smethurst case, 297

Birkett, Mr., cases under the care of, 32, 508
Birmingham Medical Registration Association, the, 225; and exclusion of homœopaths, 342
Birth extraordinary, 401
Births, marriages, and deaths, 77, 303, 227, 252, 352, 402, 426, 452, 534, 550, 605, 658
——, on the registration of, 213
Black, Dr. C., the Pathology of Tuberculous Bone (review), 64; report of a case of ovarian dropsy, injection of the cyst with tincture of iodine, cure, 262
Black ditches, the last of the, 143
—— doctor, the, obliged to disgorge, 126; termination of the career of, 595
Bladder, extraction of a thermometer-tube from the urinary, 8; calculus in the, removal by lithotrity, 187; atrophy of the, and vesico-vaginal fistula, 513; and urethra, tubercular disease of the, 589
Blecck, Mr. C., diphtheria, 526
Bleeding as a remedy in disease, 541
Blind, operations of the Society for Improving the Social Condition of the, 76
Blood Disease (review), 590
Bloodletting in acute hepatitis, 599
Blood-swelling, two cases of cranial, with remarks on the nature of these tumours, 89
Bloomsbury County Court: Harvey v. Barker, 225
Bogge, Mr. E., a report on twenty-two cases of diphtheria, 110
Bombay, cholera at, 126
Bone, a large nutritious artery of, 162
Bone-setters, the nuisance of, 278
Botanic Society of London, anniversary meeting of, 202
Bowel, hæmorrhage from the, in children as a sign of polypus of the rectum, 530
Bowman, Mr., case under the care of, 410
Bradford poisonings, the, 50
Brady, Dr. T., On the Treatment of Internal Aneurism by the Method of Valsalva (review), 89
Bread, blood spots on, 597
Breast, atrophic scirrhus of the, 366; the male, affected with cancer, 462
Brighton, the Climate of (review), 414
British America, a Medical Act in, 193, 368
—— and Foreign Medico-Chirurgical Review (review), 163
—— Association, the, and the National Association for the Advancement of Social Science, 152, 342
—— Medical Association, annual meeting of the, at Liverpool, 144; inquiry of, relative to diphtheria, 431; annual meeting of the South-Western Branch of the, 80
—— Medical Journal, the, 309
Broatch, John, the trial of, 399
Broca, M. Jules, on the action of woorara, 626
Brompton County Court: Ward v. Cooper, 575
Brown, Mr. I. B., on vesico-vaginal fistula, 581
Brown-Séquard, Journal de la Physiologie de l'Homme et des Animaux (review), 115
Bruce, Dr. William, testimonial to, 128
Bryant, Mr. T., case under the care of, 338; On the Diseases and Injuries of the Joints (review), 437; hæmorrhage from the bowel in children as a sign of polypus of the rectum, 530
Bucknill, Dr. J. C., the Psychology of Shakespeare (review), 390
Budd, Dr., case under the care of, 59
——, Dr. W., intestinal fever essentially contagious, 4, 28, 55, 80; nature of intestinal affection, 131, 207; its mode of propagation and relation to defective sewerage, 432, 458
Bullets, relative action of the variously-shaped, 350
Bullock, Mr. L., a System of Instruction in Qualitative Chemical Analysis (review), 567
Bulteel, Mr. C., on a case of wound of the femoral artery near its termination, 236
Bureaucratic oppression and Irish independence, 668
Burn, severe, of the neck, 662
Burns, simple extension in contraction from, 162; deaths from, 657
Bursa patellæ, practical clinical remarks on diseases of the, 405

C

Cabs, the spread of infectious diseases by, 657
Calais, diphtheria at, 179
Calculus, removal of a partially encysted, 161; on a case of large, removed from the urethra of a boy, 212; cases of, 577
Cambridge, University intelligence, 375; the Radcliffe travelling fellowship, 631
Canada, Egyptian relics in, 474
Canadian caverns, 425
Cancer, of the tongue, 8; smoking an exciting cause of, 240; rapidly recurring, of the breast, 266; epithelial, of the lips, 288; soft medullary, of the œsophagus, 289; of the left tonsil, 338; of the breast, diagnosis of, 436; of the male breast, 462; of nearly all the viscera, 485
—— curers, the victims of, 68
—— Hospital, annual meeting, 75
Cancers, glossal, the early removal of, 339
Cantharides, poisoning by, 239
Canton, Mr. E., on a case of digestive solution of the œsophagus, with observations, 362; case under the care of, 633
Capsules, hæmatic, 330
Carbonate of iron (sesquioxide), good effects of, in arsenic poisoning, 189
Carcinoma, manual and brachial, 561
Carlyon, Dr. C., Precepts for the Preservation of Health, Life, and Happiness, Medical and Moral (review), 506
Carotid artery, deligation of the common, in Paris, 351
Carruthers, Dr. J. B., supposed poisoning from mezereon berries, 378
Cartwright, Mr. S., the Medical Act and medical titles in Scotland, 423
Castor oil leaves, exhibition of three preparations of, 645
Catheterism of the uterus v. ergot of rye, 591
Cattle, deaths of, from eating yew branches, 402
Caution to snuff-takers, a, 604; to medical authors, 659
Central Criminal Court: conviction and sentence of Watters and Edwards for conspiracy and fraud, 72
Certificates for the million, 625
Cervical vertebra, dislocation of the, 153
Chabot, Mr. E., on the treatment of cholera, 200
Chapman, Mr. H. T., The Treatment of Obstinate Ulcers and Cutaneous Eruptions on the Leg (review), 64
Charing-cross Hospital, address at, 355
Charitable bequests, 23
Chatham, new military school at, 631
Cheek, a mole on the, becoming cancerous, 390
Chemical Analysis, Qualitative, a System of Instruction in (review), 567
Chemistry, the Prince of Wales a student in, 209; questions, the, at the first M.B. London examination, 354
Chesshire, Mr. E., on the causes and treatment of purulent ophthalmia in infancy, 122
Children, the number of, a woman can bear, 288; the alleged wholesale murder of, 461
China, the medical staff for the French expedition to, 604
Chlorate of potash, is it so innocent a remedy that it may be indiscriminately administered? 363, 449
Chloroform, death from, 101; inhalation of, by one nostril, ib.; tests for the purity of, 318; the effects of, on bees, 238; death during the inhalation of, 401, 412, 426, 574
Cholera, practical remarks on its origin, nature, and treatment, 11; and choleroid diarrhœa, 137; the importation of, from Hamburgh, 169; in Germany, 202; in North Shields, 227; spread of, on the shores of the Baltic, 253; the, at Wick, 340; at Glass Houghton, 448; galvanism in, 571; in the French army, 575; and quarantine, ib.; in Algiers, 604; in Morocco, 657
Chorea, report of two cases of, 60
Chorley, Mr. H., lunatics in the West Riding, 345
Chronic diuresis in a man aged forty, who passed fifteen pints of urine daily, 237
City of London School, distribution of prizes at, 202
Civiale's urethrotome, treatment of non-dilatable stricture by internal division with, 83
Civilization and pauperism, 41
Clark, Mr. Le Gros, case under the care of, 137
——, Sir James, non-retirement of, 443
Clarke, Dr. A., case under the care of, 614
Cleveland, Mr. G., small-pox and vaccination, 670

CLINICAL RECORDS.

Relapse in typhoid fever, from increased diet, 8—extraction of a thermometer-tube from the urinary bladder, ib.—Recovery from the operation for strangulated hernia, 9—Cancer of the tongue: removal by the écraseur, ib.—Rupture of the spleen, ib.—Extreme case of rickets, ib.—Suppuration of the knee and popliteal space, 34—Excision of the knee, ib.—Femoral necrosis and disease of the knee, ib.—Acute struma of the elbow-joint, 35—Bright-green spots on a mulberry calculus, ib.—Useful plan of supporting stumps after amputation, 60—Tumour of the parotid, 61—Double fistula in ano, treated by a single division of the sphincter, ib.—Fissure of the anus, ib.—Idiopathic pyæmia, ib.—Astragaloid disease, ib.—Tonics and iron in erysipelas of the face and scalp, 85—Excision of the knee-joint for old-standing disease, ib.—Disease of the sternum simulating aneurism, ib.—Tobacco-pipe stem in the throat, 86—Encephaloid disease of the epididymis, ib.—Nasal carcinoma, ib.—Emaciation from probable pressure on the thoracic duct, 113—A cystic tumour of the round ligament in a woman, ib.—Impetigo rodens after vaccination, ib.—Resection of the shoulder, 114—Rapid carcinomatous infiltration of the mammary gland, ib.—Extensive fractures of the scapula and nine ribs; death, 162—Simple extension in contraction from burns, ib.—A vitreous foreign body successfully removed, ib.—Cerebriform tumour on the forehead of an infant, 163—A large nutritious artery of bone, ib.—Lupus superficialis, 186—Enormous ranula, ib.—Fracture through the acetabulum, ib.—Supra-auricular nævus, 187—Copious secretion of milk in the breast of an infant, ib.—Instances of London ague, 214—Division of the tendon of the rectus femoris, 215—Cases of Addison's disease, 238—Syphilitic pneumonia, ib.—Mammary cyst, ib.—Abdominal abscess, ib.—Failure of ivory pegs and other treatment in ununited fracture, 239—Injuries from the fall of a brick wall, ib.—Silver wires in hydrocele, 266—Fibrous tumour of the uterus, ib.—Rapidly-recurring cancer of the breast, ib.—Rupture of the muscular fibres of the biceps humeri, ib.—Epithelial cancer of the lips, 288—The number of children a woman can bear, ib.—Congenital phymosis in a man aged thirty-five, 289—Effusion into the joints and sheaths of tendons from rheumatism, ib.—The early removal of glossal cancers, 339—Rupia prominens, ib.—Necrosis of tibia and humerus, ib.—Cancer of the left tonsil, ib.—Minor miscellanies, ib.—Operation for vesico-vaginal fistula, 360—Value of steel clamps in the operation for the relief of prolapsus uteri, ib.—Result of excision of the knee-joint, ib.—Supposed encephaloid tumour of the axilla, extending above the clavicle, 390—Contractile stricture cured by internal incision, ib.—A mole on the cheek becoming cancerous, ib.—Fungous testis, ib.—Union of a comminuted fracture in a woman aged eighty-four, 412—Tuberculocele, ib.—Encephalocele, with congenital hernia; removal, 413—Renal calculus, the nucleus of stone in the bladder, ib.—Vaginitis in a girl aged ten years, ib.—Unreduced dislocations of the elbow, 436—Diagnosis of cancer of the breast, ib.—Myeloid growth on the frontal bone of a child eleven months old, ib.—Acute rheumatism supervening upon necrosis of the femur, ib.—Hemiplegia without loss of consciousness, 462—Hemiplegia, with muscular rigidity and consciousness, ib.—The male breast affected with cancer, ib.—Bleeding from the throat; ligature of the carotid artery, 509—Severe hæmorrhage from the tonsil arrested by the solution of the perchloride of iron, ib.—Birth of a child through a central rupture in the perinæum, 510—The adhesion of the nervous bulbs in stumps to the cicatrix, ib.—Chopart's amputation in club-foot, ib.—Compound fracture and dislocation of the astragalus, ib.—Severe prolapsus ani; sloughing of the mass; cure, 535—Chronic hydrarthrosis of the knee, ib.—Popliteal growths, ib.—Obliteration of a large orbital nævus by the ligature, after failure of perchloride of iron, ib.—Forcible flexure in anchylosis, ib.—Lupus exedens, ib.—A mixed polypus of the nose and antrum, 561—Exhaustion after suckling, 562—Deafness from the presence of a piece of nutshell in the ear, ib.—Traumatic tibial periostitis, ib.—Manual and brachial carcinoma, ib.—Part of the tongue removed for epithelial carcinoma, 616—Pericarditis after scarlatina anginosa, ib.—Necrosis of various bones, ib.—Polypus of the ear, 635—The cure of varicose veins, ib.—Cure of vesico-vaginal fistula by liquor ammoniæ, ib.—Acute synovitis of the ankle of a boy, ib.—Herpes circinatus on the hand, and lichen simplex on both arms, ib.—Enchondroma of the big toe for twenty years, 662—Cyst in the biceps humeri, ib.—Severe burn of the neck treated by extension from the beginning, ib.—Elephantiasis of the clitoris, ib.

Club-foot, Chopart's amputation in, 510; a case of double, and club-hand, in the same infant, 511
Coal-tar at the French Academy of Sciences, 193
Cobra da capello, on a recovery from the bite of the, 13
Cockle, Dr. J., introductory lecture by, at the Grosvenor-place School of Medicine, 356; on certain points of physical diagnosis in mitral valve disease, 609, 636
Coffee, infusion of, in strangulated hernia, 90
Coghill, Dr. J. G. S., lectures on the structure and relations of the nervous system at the periphery, including the neurology of the organs of special sense, 181, 205, 255, 279, 379, 429, 455
College of Dentists, inaugural address at, 401; presentation of prize medals, 450
—— of Physicians, the, 21
Collegiate elections, 100
—— expenditure, 424
Collins, Mr. J., the late Dr. Marshall Hall, 179
Colon, clinical illustrations of mucous disease of the, 614
Colonial surgeons, 73; duties and emoluments of, 90
Concave knives in flap amputations, 98
Conolly, Dr., and private lunatic asylums, 43, 46
Consumption, an Inquiry into the Curability of, its Prevention, and the Progress of Improvement in the Treatment (review), 139; Remarks on the Treatment of (review), 620
Cooke, Mr. Weeden, "Is chlorate of potash so innocent a remedy that it may be indiscriminately administered?" 449; case under the care of, 662

Cooper, Mr. White, case under the care of, 404
Coote, Mr. Holmes, case under the care of, 7; treatment of corns on the sole of the foot, 584
Copeman, Dr. E., an Essay on the History, Pathology, and Treatment of Diphtheria (review), 38
Coroner's Court, the Right Holding of the, and some recent Interferences therewith (review), 306
Coroners' inquests, number and expenses of, 275
Corporal punishment, abolition of, in the army and navy, 426
Corvisart, Dr., on the pancreas, 90
Cotton, adulteration of, 426
——, Dr. R. P., Phthisis and the Stethoscope, or the Physical Signs of Consumption (review), 567
Coulson, Mr., case under the care of, 586
County Magistrates' Court, Liverpool: charge against an apothecary of illegally practising as a surgeon, 373

Edinburgh Colleges of Physicians and Surgeons, joint examination by the, 123
—— explanation, the, 171
—— and London Colleges, and the joint licence, 654
—— Obstetrical Society, 607
Education Committee of the General Council of Medical Education and Registration, report of the, 303
——, medical, a table of the comparative cost of, at the various hospitals and medical schools in the United Kingdom, 322; professional, 241
Eel, a golden, 252
Egypt, promotions in, 178
Elbow, unreduced dislocations of the, 438
Elbow-joint, acute struma of the, 35
Electrical phenomena, 276
Electric Tension, On the Influence of Variations of, as the Remote Cause of Epidemic and other Diseases (review), 37
Elephantiasis Arabum, amputation of limbs affected with, 541
——, successful treatment of, by amputation, 107; of the clitoris, 662
Ellis, Mr. R., on a case of uterine hæmorrhage, 472
——, Mr. W. T., diphtheria at Crowle, in Lincolnshire, 642
Elsässer, Dr., testimonial to, 350
Emaciation, extreme, the result of obstinate vomiting in pregnancy, 619
Emigrant ships, mortality on board of, 302
Empyema, on the treatment of, by "drainage," 9; on a case of, of seven years' standing, 382; three cases of, 481; spontaneous opening in a case of, ib.; tapping of the chest in two cases of, ib.
Encephalocele, on a case of, 72; sequel to a case of, 285; congenital, on a case of, 410; with congenital hernia, 413
Enchondroma of the big toe for twenty years, 662
England, when are we to have a joint medical and surgical licence for? 592
Epididymes, encephaloid disease of the, 90
Epididymitis, on the treatment of, 180, 223, 348
Epilepsy, chloride of silver in, 13; on the use of alisma plantago in, 185; on, 663
Epileptics, new hospital for, 594; the argument for founding an hospital for, 624
Erichsen, Mr. J., practical clinical remarks on congenital hernia, complicated with an undescended testis, 27; cases under the care of, 186, 265
Erlangen degree of M.D., the, 153
Erysipelas, on the causes and treatment of, 631
Ether or chloroform, 50
European Seas, the Natural History of the (review), 391
Eves, Dr. A., report of a case of elephantiasis (cruris) successfully treated by amputation above the knee, 107
External iliac artery, ligature of the, for a supposed aneurism of the femoral, 616
Eye, Diseases of the, a Guide to the Practical Study of (review), 13; report of a case of a guinea-worm in the, 533

F

Facts and theories, 65
Fall, receipt of injuries from a, 220; from a height of forty feet through a skylight, without serious injury, 587
Family practice, a, 667
Farre, Dr., case under the care of, 534
Faure, M., defect of his method of anæsthesia, 596
Females, a duty of deformed, 578
Femoral artery, on a case of wound of the, near its termination, 236
—— hernia, exhibition of a cyst simulating a, 588
Femur, excision of the head of the, 539
Fergusson, Mr., cases under the care of, 185, 410, 585
Fever, the study of, 405
Fibro-cystic growth expelled from the uterus, 540
Fincham, Dr., case under the care of, 287
Fire, accidents by, 604
Fireproof fabrics, 544, 606, 629
Fissure of the soft and hard palate, 185
Fistula in ano, double, 61; injections of iodine into the tract of, 620
Fitzpatrick, Mr. W. H., medical titles, 453

DREADNOUGHT HOSPITAL SHIP.—Cholera and choleroid diarrhœa, 137—Death during the inhalation of chloroform, 412

GREAT NORTHERN HOSPITAL.—Lithotomy; second performance of the operation after the lapse of thirteen months; recovery, 161—Partially encysted calculus; removal by lithotomy; recovery, ib.

GUY'S HOSPITAL.—Compound fracture of the skull by a hatchet, with hæmorrhage; removal of loose bone, and exposure of the dura mater; recovery, 32—Prolapse of the rectum, and stone in the bladder, 186—Case of anæmia lymphatica, a new disease characterized by enlargement of the lymphatic glands and spleen, 213—Leucocythæmia splenica, 308—Carcinomatous growth over the front part of the cranium; successful removal, ib.—Three cases of empyema: spontaneous opening in one, and tapping of the chest in two others, 461—Femoral hernia, covered by varicose veins and a serous cyst, strangulated for some days; operation; recovery, 508—Femoral hernia; urgent symptoms of strangulation; the bowel reduced by the "taxis-manum" operation; recovery, ib.

KING'S COLLEGE HOSPITAL.—Poisoning by hydrochloric acid, half an ounce proving fatal in eighteen hours, 59—Fissure of the soft and hard palate, 183—Necrosis of the end of the stump after amputation of the thigh for ununited fracture of the femur, 410—Stone in the bladder of a child, removed by Allarton's median operation, ib.—Medullary tumour springing from the fibula; amputation at the knee-joint; fatal result, 585—The radical cure of hernia by Wood's operation; successful in fourteen cases, 633

LONDON HOSPITAL.—Non-dilatable stricture for thirty-six years, treated by internal division with Civiale's urethrotome, 43—Malignant cystic disease of the testicle, the cysts containing cancer cells, cholesteatoma, and bone; successful removal, 264—Necrosis of the end of the stump, in an amputation of the leg performed in India; re-amputation higher up, 435—Projecting aneurism of the arch of the aorta between the second rib and the sternum; the value of ice applied locally, ib.—Clinical illustrations of mucous disease of the colon, from notes of various cases, 614

MIDDLESEX HOSPITAL.—Fibrous tumour of the scapula, expanding beneath the bone, and projecting into the axilla; successful removal, 50—Suffocation from a tumour in the throat, in a case of pleuritis and bronchitis, 237—Effects of a horse-bite, 411—Forcible flexion of anchylosed knees, ib.—Poisoning by the extract of belladonna in a child seven years old; recovery, 561—Polypi of the frontal sinuses extending into the nose and orbits; successful removal, 634

ROYAL FREE HOSPITAL.—Absorption of three ribs from fungous carcinoma, in a previously healthy young man; fatal result, 112—Perineal fistula, the result of stricture of the urethra, healed by the daily use of the catheter, 305—Wound of the neck and exposure of the carotid artery; recovery, 306—Necrosis of tuberosity and ramus of ischium and descending ramus of pubes; removal of these portions of bone, 461—Simulation of pus in the urine by the most copious deposits of triple phosphates; partial paralysis of the leg; complete recovery, 535—Lupus of seven years' standing effectually cured, 662

ROYAL WESTMINSTER OPHTHALMIC HOSPITAL.—Cases of gonnorhœal ophthalmia cured under stimulant and supporting treatment, 257—New operation for the relief of the pain in acute glaucoma, 435

ST. BARTHOLOMEW'S HOSPITAL.—Necrosis of the lower jaw from the fumes of phosphorus; complete removal of the bone, followed by recovery, 7—A tamarind stone lodged in the windpipe of a child; expulsion after the operation of tracheotomy, 160—The value of the topical application of arsenic in foul and intractable ulcers, 265—Pulsating empyema with displacement of the heart in an adult, and empyema in a child; each tapped three times; palliative in one, curative in the others, 462—Excessive acidity of the urine, 534—Partial paraplegia, sensation as if the feet were in ice; recovery, ib.—Gangrenous stomatitis, ib.—Ligature of the external iliac artery for a supposed aneurism of the femoral, 616—Diffused aneurism of the axillary artery, following the supposed reduction of a dislocated humerus, 661—Sequel to the case of ligature of the external iliac artery, for a diffused aneurism of the profunda femoris, ib.

ST. GEORGE'S HOSPITAL.—Dislocation forwards of the head of the humerus of nearly seven months' standing; attempt at reduction, 111—Strangulated femoral and umbilical hernia in women, the last associated with pregnancy; herniotomy successful in two out of four cases, 337—Idiopathic colitis, or dysentery; the whole of the large bowel being in a state of ulceration; fatal result, 615

ST. MARY'S HOSPITAL.—Paralysis from concussion; recovery, 34—The value of early conservative measures in strumous disease of the knee; good effects of the iodide of sodium, 161—Wound of the iris from an iron chip; removal by the aid of a magnet; excision of two eyeballs, the second having contained a piece of glass for thirty years, 389—Renal cyst discharging into the urinary passages, 535—Poisoning by the root of aconite in a man aged fifty-eight; fatal result, 561—Medullary tumour springing from the tibia; amputation at the knee-joint; recovery; stump sound after twelve months, 586

ST. THOMAS'S HOSPITAL.—Fracture of the ramus of the ischium of the right side, with rupture of the urethra; recovery, 137—Rupture of the popliteal artery and vein; amputation, with a fatal result in two hours, 287

UNIVERSITY COLLEGE HOSPITAL.—The treatment of old and obstinate strictures by continuous dilatation, 84—Ununited fracture of the humerus, and anchylosis of the elbow of the same arm, 138—Injury to the leg, followed by mortification; amputation of the thigh; extension of gangrene to the trunk; fatal result, 205—Congenital inguinal hernia, strangulated; operation; speedy recovery, 509

WESTMINSTER HOSPITAL.—Fracture of the base of the skull and of the pelvis, with compound fracture of the leg; amputation; recovery, 136—Insensibility from attempted drowning; recovery after two hours by the Marshall Hall Method, and other treatment, 287—Severe wound of the throat and larynx in an attempt at suicide; recovery, 388—Polycystic ovarian tumour, tapped fourteen times; ovariotomy; fatal result, 401—Strangulated inguinal hernia, relieved by operation; vomiting for ten days; pyæmia; death from bed-sores on the twenty-sixth day, 509

Mitchell, Dr. H., on the causes of the frequency of stone, 122; report of a case of a guinea-worm in the eye, 533

Mitral valve disease, on certain points of physical diagnosis in, 609, 636

Mole, on the hydatiditorm or vesicular, its nature and mode of origin, 597

Mont Blanc, winter ascent of, 523
Moore, Dr. W., report of a case of reflex paraplegia in which strychnia was successfully exhibited, 232
Moorhead, Mr. J., on a case of angina pectoris, with remarks, 106
Morocco, dressings for the Spanish wounded in, 647
Morphine, poisoning with acetate of, 350
Morris, Dr. G. S., diphtheria treated by irrigations with a solution of common salt, 348
Mother and Fœtus, Remarks on the Anatomical Relations between the (review), 464
——— and children, 419
Motor power, voluntary, of one half of the body, 35
Mouat, Dr. F. J., the British Soldier in India (review), 414
Mountain sites, on the advantages of, for barracks in hot climates, 30
Mulberry calculus, bright-green spots on a, 35
Munro, Dr. W., on a case of dislocation of the astragalus backwards, unaccompanied by fracture, 364
Murder, charge of, against a surgeon, 51; in a lunatic asylum, 603
Muscle, syphilitic tumours of, 617
Mushrooms, deaths caused by, 402
Myeloid growth on the frontal bone of a child eleven months old, 436

N

Nævus, supra-auricular, 187
Nankivell, Dr. C. B., shortcomings of the Medical Register, 129
Narcotics, the, we indulge in, 50
Nares and intestines, on two cases of unusual discharge of carbonaceous matter from the, 367
Nasal carcinoma, 85
——— fossa, calculus lodged in the, 13
Naso-pharyngeal polypi, removal of, 541
National Army Sanitary Association, meeting of, 187
Native Indian students, 419
Naval appointments, 127, 275; medical officers, new uniform of, 49; medical service, the, 224, regulations of, 309; medical warrant, the, 153, 224, 309
Neck, wound of the, and exposure of the carotid artery, 305; injection of congenital cysts of the, with iodine, 602; severe burn of the, treated by extension from the beginning, 662
Necrosis, practical clinical remarks on, 477; of tuberosity and ramus of ischium and descending ramus of pubes, 461; of various bones, 616
Neil, Mr. J. B., cool rooms, 24
Neill medal, presentation of, to Dr. Lander Lindsay, 631
Nervous system at the periphery, lectures on the structure and relations of the, including the neurology of the organs of special sense, 181, 205, 255, 279, 379, 429, 455
Netherlands, the Medical Association of the, 450
Netley Hospital, completion of, 299
Neuralgia, nature, seat, and relations of, 258; obstinate, on a case of, 348
Newham, Dr. T., pasteboard splints in fractures, 665; gallic acid in purpura hæmorrhagica, ib.

NEW INVENTIONS.

Bestall's apparatus for showing the phenomena of polarized light, 164—New field panniers for the army medical service, 291 — The country practitioners' portable medicine chest, 647

New military hospital, 550
——— York, resolutions at a meeting of graduates of, 226; prospects of disease in, 467; the social evil in, 658
Nichols, Mr. J., lateral pressure and the venous circulation, 296, 495
Nightingale, Miss, a new, 275
Noeggerath, Dr. E., Contributions to Midwifery and Diseases of Women and Children; with a Report on the Progress of Obstetrics and Uterine and Infantile Pathology in 1858 (review), 290
Non-registration, a bar to the recovery of debts, 403
North American Medico-Chirurgical Review (review), 163
——— Oxfordshire Medico-Chirurgical Society, 140
——— Shields, cholera in, 226
Northern Italy, congress of the medical practitioners of, 459
Norwich Medical Registration Association, meeting of the, 474
——— Union, the, payment of medical referees, 451
Nose and antrum, a mixed polypus of the, 561
Nosocomial Austrian figures, 549
Nottingham, Third Annual Report of the State of the United Lunatic Asylum for the County and Borough of (review), 38
Nourse, Mr. W. E. C., can we not conduct our vaccination more efficiently? 447; small-pox and vaccination, 572
Nunn, Mr. T. W., Observations and Notes on the Arteries of the Limbs (review), 188
Nutshell, deafness from a piece of, in the ear, 562

O

Obturator notch, luxation into the, mistaken for dislocation on the dorsum of the ilium, 240

OBITUARY.

Dr. S. Griffith, 23; Dr. D. Pring, 51; Dr. T. M. Winterbottom, 76; E. J. Spry, Esq., 128; C. G. Guthrie, Esq., 203; Dr. J. Ainsworth, ib.; H. N. Tilsley, Esq., 300; Dr. Alison, 351; Prof. Nichol, ib.; Thos. Beaumont, Esq., 524; W. Dufton, Esq., ib.; W. R. Williams, Esq., ib.; Dr. J. A. Lawrie, 577; Dr. J. P. Trench, 605

Obstetric education, neglect of, 167
Œdema glottidis, the treatment of, by scarifications, 153
Œsophagus, on a case of digestive solution of the, with observations, 362; cancer of the, 378
Offenders, a batch of, 94
Ogle, Dr. J. W., report of a case of death from slow poisoning, 210
Ophthalmoscope, fixed upon the patient, 90; occasional danger of the, 116
Opium-eater, an, 439
Orbit, on a large cyst in the, cured by the cauterant action of iodine on its interior, 183
Orbital nævus, obliteration of a large, by the ligature, after failure of perchloride of iron, 537
Orfila, a tablet to, in his native place, 296
Orphanage, medical, 395
